

# 197 Camp Winchell Coulee

Hi campers, thanks for choosing 197 Camp Winchell Coulee

We have a requirement of you and your group when you use the camp, and that is that you only park 2 vehicles maximum in front of the longhouse.

You can load and unload in front of the longhouse, but move any extra vehicles over to the parking lot for the duration of your camp.

The parking lot has its own gate and it is to the left of the main gate on the road coming in.

The lock uses the same key as the main gate.

The front of the longhouse gets pretty congested when there is more than 2 vehicles in front of it, and hinders camp personnel when they come out to do the checkout and maintenance.

Failure to follow this requirement could result in your damage deposit being forfeited.

Thank you for following this directive, and hope your camping experience with us is a pleasant one.

Yours in Scouting:
